

Game Rules (05/09/2024)

Note: Flux game is referred to as Flux, The Game or Game.

- Flux is a game with 5 reels and 15 fixed lines. The game features bonus games with extra symbol rows and lines active two ways. The theoretical return to player is 96.2%.
- A game round is started with the action button and plays the game with the selected play level.
- Auto play plays the game automatically for the number of game rounds selected in the auto play page. This feature may not be available.
- All game win amounts and win combinations are awarded according to the win table.
- Only the highest win per line is awarded, if in sequence from far left to right in combinations according to the win table. Two of the bonus games have lines both ways which could result in additional win combinations from far right to left.
- The wild symbol substitutes for any other symbol, if and only if the wild symbol combined with at least one more symbol it substitutes for form a winning line.
- The bonus symbol is a scatter symbol that grants one of the bonus games if three (3) or more bonus symbols are won. The number of bonus symbols won correlates to the number of free spins granted in the bonus games according to the win table.
- The game features three different types of bonus games; free spins with additional symbol rows, free spins with lines both ways and free spins with additional symbol rows and lines both ways.
- The bonus game is played with the same play level as the spin that triggered the bonus game.
- No play levels can be altered during a game round.
- In the event of game malfunction all affected play amounts and wins are rendered void.
