

Game Rules (05/09/2024)

Note: The Spectra game is referred to as Spectra, The Game or Game.

- Spectra is a game with 5 reels and 30 lines. The game features stacked and nudging wild symbols and respins. The theoretical return to player is 96.4%.
- A game round is started with the action button and plays the game with the selected play level.
- No play levels can be altered during a game round.
- Auto play plays the game automatically for the number of game rounds selected in the auto play page. This feature may not be available.
- The appearance of 1 or more new wild stacks on or directly adjacent to a line triggers a respin. During each respin the wild stacks nudge 1 symbol position vertically towards the center of the reels.
- All game win amounts and win combinations are awarded according to the win table.
- Only the highest win per line is awarded, if in sequence from leftmost to right with no gaps and in combinations according to the win table.
- All line wins during a game round are added and presented at the end of the game round.
- A wild symbol substitutes for any other symbol.
- In the event of game malfunction all affected play amounts and wins are rendered void.
