

Game Rules (05/09/2024)

Note: The Barber Shop Uncut game is referred to as Barber Shop Uncut, The Game or Game.

- Barber Shop Uncut is a game with 15 reels and 40 fixed lines. The game features locking wins with respins and bonus game with free spins. The theoretical return to player is 97.0%.
- A game round is started with the action button and plays the game with the selected play level.
- No play levels can be altered during a game round.
- Auto play plays the game automatically for the number of game rounds selected in the auto play page. This feature may not be available.
- Respin is triggered when 3 or more symbols of the same kind appear from the left to right on a line. All symbols that triggered the respin will be locked in place while all other reels spin again. Any additional adjacent symbol of the same kind on the same line will trigger another respin until there are no more wins or all reels are locked. All respins are considered part of the game round.
- All game win amounts and win combinations are awarded according to the win table.
- Only the highest win per way is awarded, if in sequence from leftmost to right and in combinations according to the win table.
- All way wins during a game round are added and presented at the end of the game round.
- The bonus symbol is a scatter symbol that can appear on any reel. 5 or more bonus symbols will trigger the bonus game with a number of free spins according to the win table.
- The bonus game is played with the same play level as the spin that triggered the bonus game.
- All bonus game wins are multiplied by 3.
- Inwinity Spin is a feature in the bonus game, granting the player an unlimited amount of free spins until a line win is reached.
- In the event of game malfunction all affected play amounts and wins are rendered void.
