

Game Rules (9/5/2024)

Note: The Wild Heist at Peacock Manor video slot is referred to as Wild Heist at Peacock Manor, The Game or Game.

- Wild Heist at Peacock Manor is a video slot with 5 reels and 17 pay lines. The game features main game mystery features and a bonus game with free spins, symbol transformations and retriggers. The theoretical return to player is 96.1%.
- A game round is started with the action button and plays the game with the selected bet level.
- No bets can be altered during a game round.
- Auto play plays the game automatically for the number of game rounds selected in the auto play page. This feature may not be available.
- All game payout and win combinations are paid out according to the payable.
- Only the highest win per pay way is paid out, if in sequence from leftmost to right and in combinations according to the pay table.
- All pay way wins during a game round are added and presented at the end of the game round.
- The wild symbols substitutes for any other symbol except the scatter symbol.
- 3 or more scatter symbols trigger the Bonus game consisting of free spins.
- In the Main game, a mystery feature may be triggered randomly on any spin. The mystery feature can be either a Wild Reel spin, a Random Wild spin or a Walking Wild spin with accompanying respins.
- When entering the Bonus game, the player gets to pick 3 cards (with an additional pick for every additional scatter) to determine the type of free spins played. The cards include extra free spins, additional multiplier on each win, a Mystery feature or a mid-win symbol being transformed into a wild. The effect of the picked card remains active throughout the bonus game with the exception of free spins which are added to the total of the remaining spins.
- In the Bonus game, 2 or more scatters trigger a re-pick where the player may pick additional cards.
- The Bonus game is played with the same bet as the spin that triggered the bonus game.
- In the event of game malfunction all affected bets and pays are rendered void.

Button	Function
