

Game Rules (05/09/2024)

Note: Beat the Beast: Dragon's Wrath game is referred to as Beat the Beast: Dragon's Wrath, The Game or Game.

- Beat the Beast: Dragon's Wrath is a 3x5 game with 9 fixed lines. The game features Wilds, Roaming Wilds, Wild Multiplier, and a Bonus Game with Free Spins and retriggers. The theoretical return to player is 96.18%.
- A game round is started with the action button and plays the game with the selected play level.
- Auto play plays the game automatically for the number of game rounds selected in the auto play page. This feature may not be available.
- All game win amounts and win combinations are awarded according to the win table.
- Only the highest win per line is awarded, if in sequence from leftmost to right and in combinations according to the win table.
- No play levels can be altered during a game round.
- In the event of game malfunction all affected play amounts and wins are rendered void.
- All wins during a game round are added and presented at the end of the game round.
- The maximum total play multiplier for one game round is 11111. If this limit is reached the game round will be terminated and no additional wins will be awarded.
- The Dragon Emblem symbol is both a Bonus and a Multiplier Wild symbol (value x2) that substitutes for any other symbol in the Base game. A win on a line that includes one or more Multiplier Wild symbols will add up its multipliers.
- 3 Dragon Emblem symbols on any position on the reels in the Base game trigger the Bonus Game, awarding 3 Free Spins.
- Roaming Wilds: In the Bonus Game, the Dragon Emblem symbol will transform into a Roaming Wild symbol that substitutes for any other symbol and will remain on the reels for the remainder of the Bonus Game. Before each new Free Spin, it will roam to an adjacent position. Two or more Roaming Wild symbols cannot roam to the same position.
- For example, a Roaming Wild symbol with a multiplier of x2 and one with a multiplier of x4 will give a total multiplier of x6 for that win. The maximum total multiplier from Roaming Wild symbols forming part of a single line is x150 (50+50+50).
- A spin with 1 or more Roaming Wild symbols included in 1 or more winning lines will award 1 extra Free Spin.
- A feature play option may be acquired at a value that is a multiple of the current play amount. A feature play option starts a spin with an outcome that triggers the Bonus Game. Theoretical RTP is 96.44%. All outcomes from a feature play option award wins according to the win table and in relation to the play amount. The feature play option functionality may not be available in all markets.
- Maximum win
 - The maximum win of the game is 11111 times total play level.
 - The maximum win of the game is achieved by accumulating wins in a single game round until the total win amount reaches 11111 times the total play level. No higher wins are possible.

- The probability of hitting the maximum win is 1:15049361702.
- No choices will affect the probability to get the maximum win.

Button	Function
	Click to start a game round. On desktop you may also press the space bar on your keyboard. This is the action button.
