- Roaming Wilds: In the Bonus Game, the Roaming Wild symbol substitutes for any other symbol and will remain on the reels for the remainder of the Bonus game. Before each new free spin, it will roam to an adjacent position. Two or more Roaming Wild symbols cannot roam to the same position. Up to 3 Roaming Wild symbols can be awarded. A spin with one or more Roaming Wild symbols included in 1 or more winning lines will award 1 extra free spin

After a spin where a Roaming Wild Symbol is included in one or more line wins, its multiplier is increased by 1 (up to a maximum multiplier of 5). - The Bonus game is played with the same play level as the spin that triggered the Bonus game.
- In the event of game malfunction all affected play amounts and wins are discharged.
- The maximum total play multiplier for one game round is 22222. If this limit is reached the game round will be terminated and no additional wins will be awarded.
- A feature play option may be acquired at a value that is a multiple of the current play amount. A feature play option starts a spin with an outcome that triggers the Bonus Game. Theoretical RTP is 96.50%. All outcomes from a feature play option award wins according to the win table and in relation to the play amount. The feature play option functionality may
