

Game Rules (9/5/2024)

Note: Esqueleto Explosivo 3 video slot is referred to as Esqueleto Explosivo 3, The Game or Game.

- Esqueleto Explosivo 3 is a 5x5 video slot. The game features Cluster Pay, Avalanche feature, Wilds, Explosivo Wilds, Mucho Multipliers and a Bonus Game with Free Spins and Retriggers. The theoretical return to player is 94.22%.
- A game round is started with the action button and plays the game with the selected bet level.
- Auto play plays the game automatically for the number of game rounds selected in the auto play page. This feature may not be available.
- All game payout and win combinations are paid out according to the payable.
- Cluster Pays can occur anywhere on the game area. Only the highest win per winning symbol combination is paid out.
- The Wild and Explosivo Wild symbols substitute for all other symbols except the Scatter symbol.
- Cluster Pay occurs when 5 or more identical symbols (except Scatter symbols) anywhere in the game area are connected horizontally or vertically. Multiple Cluster Pays can be present simultaneously in the game area. The win size depends on the number of identical symbols; the winning symbols are removed and a Wild or an Explosivo Wild symbol is added to each Cluster Pay area and the Avalanche feature is activated.
- The Avalanche feature is activated when a Cluster Pay is won or if an Explosivo Wild symbol lands and explodes, resolving winning symbols and replacing empty positions with new or existing symbols. The feature continues as long as a new win or an Explosivo Wild lands in the game area. The total win amount is paid out when no new Avalanche sequences occur.
- Mucho Multiplier is an increasing multiplier shown below the game reels. The multiplier is increased each time the Avalanche feature is activated. The maximum multiplier level in the base game is x32 and in the Bonus Game x1024.
- The Explosivo Wild symbol can randomly land and explode during the drop or Avalanche feature sequence, or it can be automatically generated and explode in a Cluster Pay area. The Explosivo Wild symbol removes all symbols (except high pay, Wild and Scatter symbols) in a 3x3 grid around the symbol.
- 3 or more Scatter symbols trigger the Bonus Game consisting of Free Spins. During the Bonus Game, 2 or more Scatter symbols award extra Free Spins. The amount of awarded Free Spins depends on the number of Scatter symbols, according to the payable. Any active multipliers from the base game are reset when the Bonus Game begins.
 - Each time a new Explosivo Wild symbol lands on the reels, it is highlighted in the meter below the reels. Filling the meter grants players 1 extra Free Spin. If the meter is filled 5 times, no more Explosivo Wilds can be collected. Additionally, all multiplier values in the Mucho Multiplier will be doubled (max. multiplier x1024).
- All possible multiplier combinations: 1, 2, 4, 8, 16, 32, 64, 128, 256, 512, 1024.
- No bets can be altered during a game round.
- In the event of game malfunction all affected bets and pays are rendered void.
- All wins during a game round are added and presented at the end of the game round.
- The maximum total bet multiplier for one game round is 7500. If this limit is reached the game round will be terminated and no additional wins will be paid out.

- A feature buy option may be purchased at a cost that is a multiple of the current bet size. A purchase starts a spin with an outcome that triggers the Bonus Game. Theoretical RTP is 94.40%. All outcomes from a feature purchase pay according to the payable and in relation to the bet size. The feature buy functionality may not be available in all markets.
- A BET+ option may be activated at a cost that is a multiple of the current bet size. When activated, each spin guarantees the specified event until you deactivate it. All outcomes from BET+ activation pay according to the payable and relation to the size of the base bet. BET+ functionality may not be available in all markets.
 - Bonus Boost: Each spin is 2 times more likely to trigger the Bonus Game, and costs 1.5 times the base bet. The theoretical RTP for this mode is 94.25%.
 - Bonus Boost Plus: Each spin is 5 times more likely to trigger the Bonus Game, and costs 3 times the base bet. The theoretical RTP for this mode is 94.35%.
 - The Enrico Show: Guarantees an Explosivo Wild on the initial drop, and costs 2 times the base bet. The theoretical RTP for this mode is 94.31%.
